1. Introduction

We would like to thank you for choosing Fastex. Built compatibly with the latest version of WordPress and page builder plugin Visual Composer, Eduma 3.0 promises to give you awesome experiences in creating your own education websites.

1.1. Requirements

There are system requirements in order to install and setup the Fastex theme and its components properly. Make sure that you are running the **latest version of WordPress**, **PHP version 7.0** or higher and **MySQL version 5.7** or higher. We also recommend the following PHP configuration limits:

Recommended hosting configuration

- vCPU: 3
- Memory (RAM): 3 GB
- SSD Storage: 60 GB

Recommended PHP configuration limits

- upload_max_filesize = 32M
- post_max_size = 32M
- max_execution_time = 300
- max_input_time = 300
- memory_limit = 256M

Please contact your service provider to verify your current PHP limits and have them set it up again if needed.

Note: Once you successfully install and activate the Fastex theme, Fastex Dashboard will be added to your WordPress menu. You can verify those requirements under Fastex > System Status

Server Environment

Server Info:	Apache
PHP Version:	5.6.30-1+wpengine8
PHP Post Max Size:	100 MB
PHP Memory Limit:	512 MB
PHP Time Limit:	3600 s
MySQL Version:	5.6.36
Max Upload Size:	50 MB
CURL version:	7.35.0, OpenSSL/1.0.1f
Remote GET:	✓
Custom stylesheet directory	/nas/content/live/obxyz/wp-content/uploads/tc_stylesheets
Custom stylesheet directory writable	✓ 0775
PHP DOM extension	✓

1.2. What's Included

After purchasing Eduma theme on themeforest.net with your Envato account, go to your **Download** page. You can choose to download Eduma theme only (**Installable WordPress Theme**) or the entire Eduma theme package which contains the following files:

- **Eduma theme:** An Installable WordPress Theme zip file.
- **Eduma child-theme:** A child-theme zip file and a readme.txt note about the child-theme.
- **Documentation:** A link to this documentation.
- **Licensing.**

2. Installation

You can install Fastex theme via 2 ways: **Via WordPress** or **via FTP**

2.1. Via WordPress

Follow these steps below to install the Landscaping theme via WordPress:

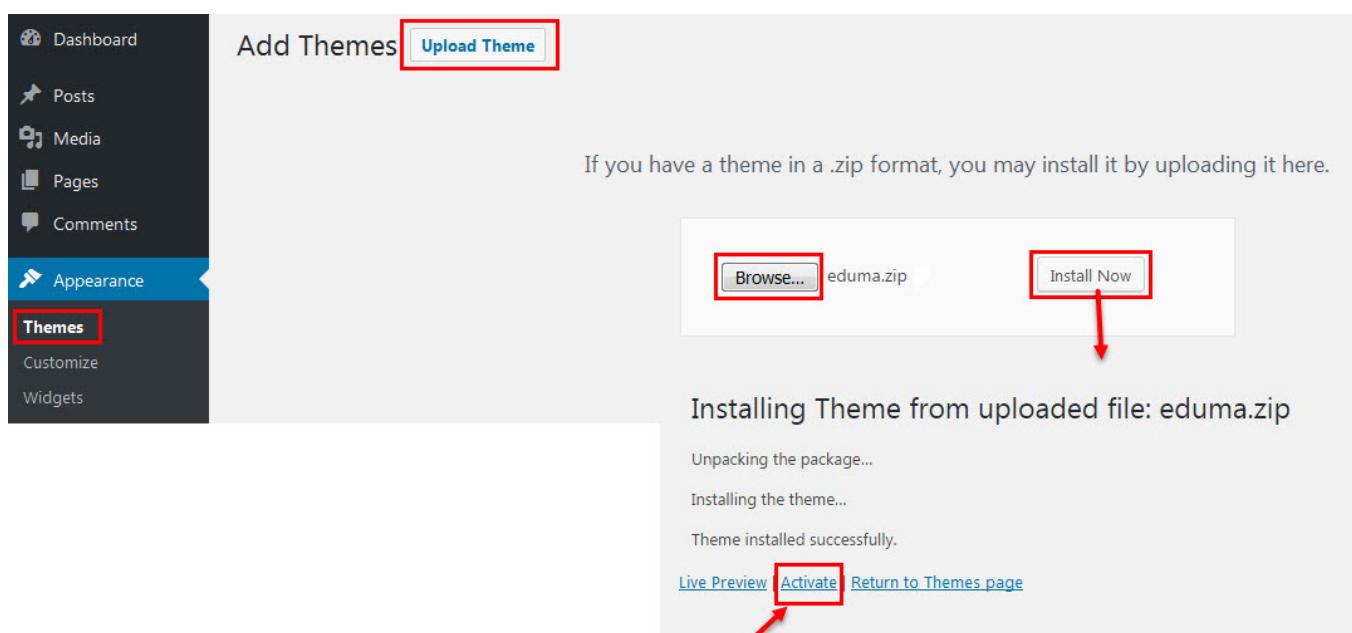

Step 1. Visit Dashboard > Appearance > Themes > Add New.

Step 2. Click **Upload Theme**.

Step 3. Browse the **eduma.zip** file (*not the theme package zip file*) on your computer and click **Install Now**.

Step 4. Activate Eduma theme.

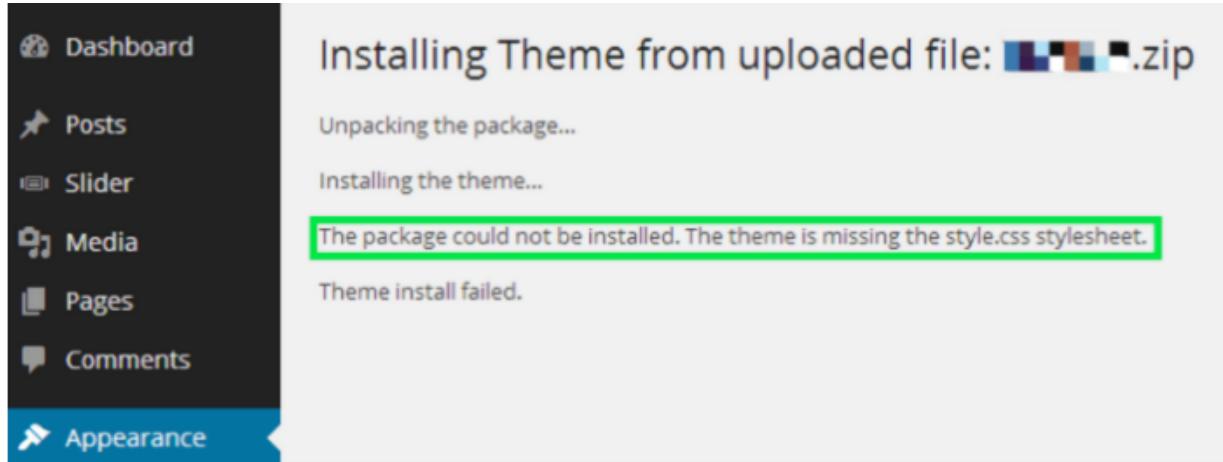

Step 5. Enable Thim Core to activate the core of Eduma and start importing the demo data process.

Eduma Theme notice!

Installed the theme successfully. [Enable Thim Core to start now!](#)

*NOTE: One possible problem when importing Demo is that the theme is missing the style.css style sheet.

Solution: You can refer to the error correction guide here(<https://thimpress.com/knowledge-base/missing-style-sheet-error-installing-theme/>)

2.2. Via FTP

Follow these steps below to install Eduma theme via FTP:

Step 1. Login your FTP account via FTP software(<https://filezilla-project.org/download.php>) to access your host web server.

Step 2. Extract **eduma.zip** file.

Step 3. Upload the extracted folder **eduma** to the *wp-content/themes* folder.

Step 4. Activate **Eduma** theme in Dashboard > Appearance > Themes.

Step 5. Enable **Thim Core** to activate the core of Eduma and start importing the demo data process.

3. Getting Started

Once you successfully install and activate Eduma theme, Eduma Dashboard will be added to your WordPress menu.

Now you can get started to set up your site with Eduma. You will walk through the following steps:

- Name your website and site description
- Install and activate required and recommended plugins
- Import Demo Content (Detailed instruction here(<http://dev.docpress/eduma/#import-demo-4-1>))
- Sign in your Envato account to get updates

- Customize your site (Detailed instruction here(<http://dev.docpress/eduma/#customization-8>))
- Get support resources

The screenshot shows the WordPress dashboard with the Eduma theme active. A red arrow points to the 'Getting Started' link in the left sidebar. The main content area is titled 'Eduma Theme Dashboard' and shows a progress bar with 'Step 1 of 8'. The first step, 'Welcome', is selected. The content panel displays a welcome message and instructions for using the theme.

Welcome to Eduma

Hello there,

If this is the first time you work with Eduma, please read and follow the instructions carefully. This is the getting started section of Eduma Theme Dashboard. It involves some simple steps to help you install the theme easier and to show you how the theme works, how to edit and customize the theme as you want it to be.

All the documentation and tutorial of the theme can be found [here](#). If there're any problem with the theme, please create a ticket for our supporters to help you [here](#).

Activate Windows
[Go to Settings to activate Windows](#)

3.1. Import Demo

Thim Core Demo Importer

Thim Core is a **required** plugin for the Eduma theme. This plugin is a demo importer that imports all posts/pages, sample sliders, widgets, customization, and more.

Follow these steps below to import demo via Thim Core:

Step 1 – Visit Dashboard > Eduma > Import Demo.

Step 2 – Select the page builder you want

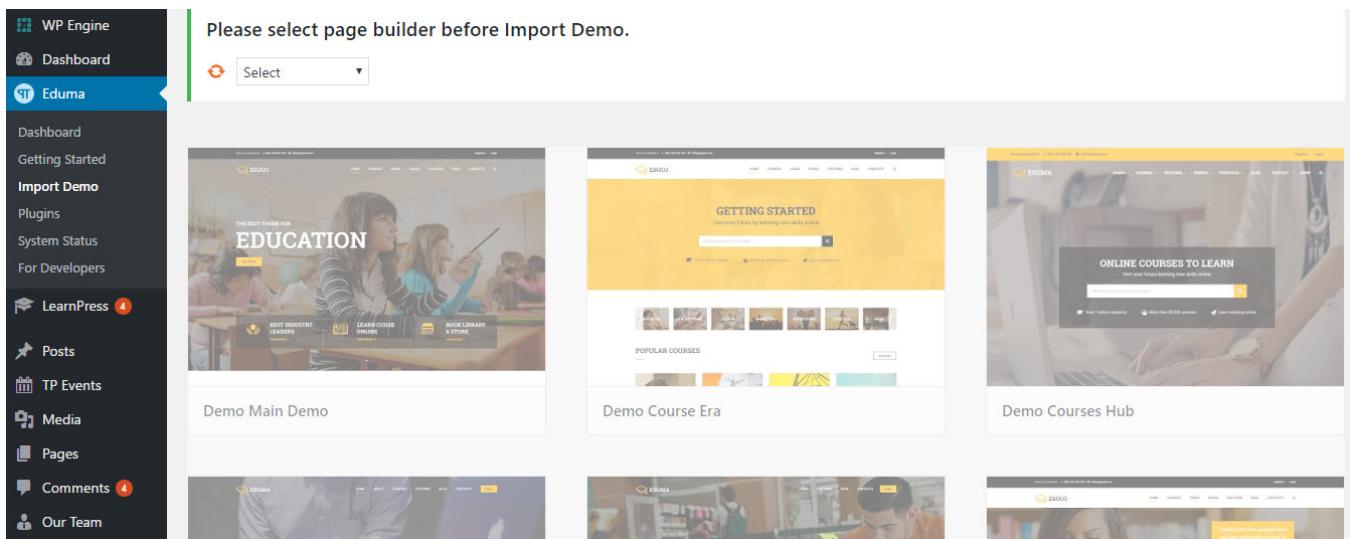

Step 2 – Hover on the demo you want and click **Install**

Step 3 – Select what type of content you want to import and click **Import**.

The importing process may take up to 5 minutes.

Note:

- If you want to build an offline course sale website you can use the following demos: Demo New Art, Demo Kid Art – Offline, Demo Kindergarten – Offline.
- On each website, you can only use one demo.

3.2. Child Them

Follow the steps below to enter Kids Topics:

Step 1 – Go to Dashboard> Eduma> Child Themes

Step 2 – Click Install / Activate

Child Theme	Status
Eduma Child	Activate
Eduma Child Kindergarten	

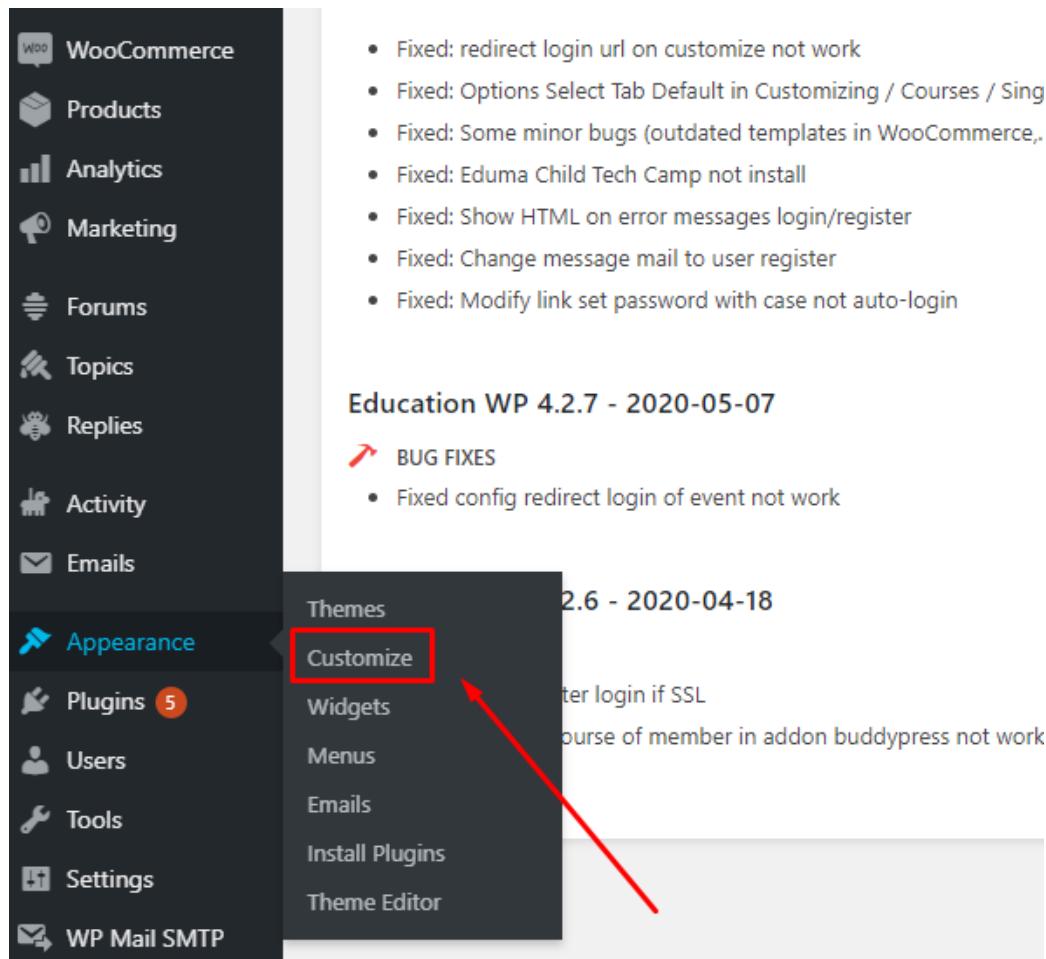

Note:

- When you import demos: Kindergarten, New Edu, New Instructor, Crypto, New Art, Kid Art, Tech Camp, child theme will be imported with the demo, you don't need to install child theme anymore.

- Other demos do not have their own child theme, you can install and use the Eduma child theme.

4. Customization

You are able to customize your website in Dashboard > Appearance > Customize

4.1. Customize

This section will guide you over all the customization part for Eduma

The screenshot shows the WordPress customizer interface for the 'Eduma' theme. At the top, there's a header with a close button ('X'), a 'Publish' button, and a gear icon. Below this, a message says 'You are customizing Eduma' with a help icon. A section for 'Active theme' shows 'Eduma' with a 'Change' button. The main area lists various site sections with edit icons:

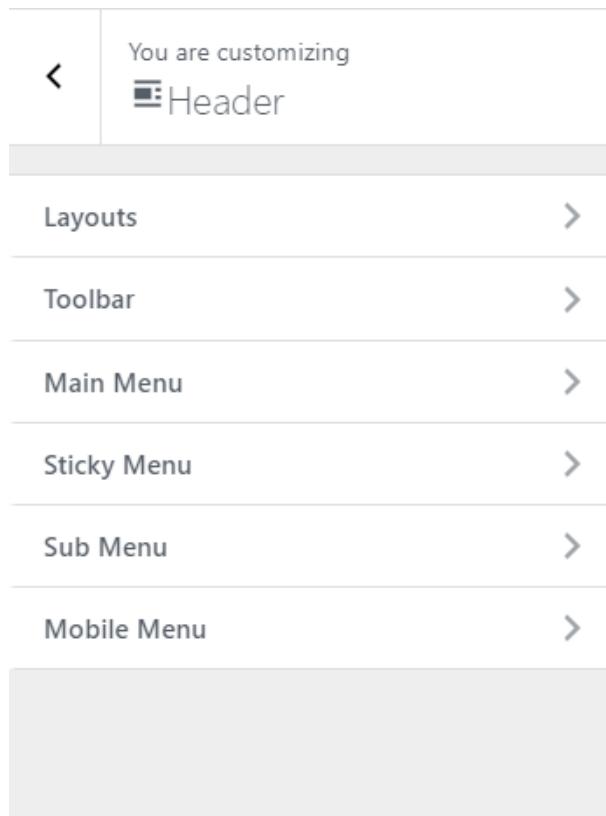

- General
- Header
- Blog
- Courses
- Products
- Events
- Forum
- Portfolio
- Teams
- Testimonials
- Footer
- Menus
- WooCommerce

4.1.1. Site Identity

[vc_row][vc_column][vc_column_text]To change Site Identity parts like Site Title, Tagline, you need to go to your Dashboard => Settings => General, then edit it.[/vc_column_text][/vc_column][/vc_row][vc_row][vc_column][vc_single_image image="4885? img_size="full" onclick="link_image"][/vc_column][/vc_row][vc_row][vc_column][vc_column_text]If you use plugin Yoast SEO, you can click "Edit Page" on the admin bar on the home page, then scroll down to the Yoast SEO section => Edit snippet => SEO title, then edit it[/vc_column_text][/vc_column][/vc_row][vc_row][vc_column][vc_single_image image="4484? img_size="full" onclick="link_image"][/vc_column][/vc_row]

4.1.2. Header

Go to Dashboard / Appearance / Customize / Header

4.1.2.1. Layouts

Go to Dashboard / Appearance / Customize / Header / Layouts

- Layout
- Size
- Position

The screenshot shows the 'Layout' section of the Eduma dashboard's header customization. At the top left is a back arrow icon. To its right, the path 'Customizing > Header' is displayed, followed by the title 'Layouts'. Below this, there are two main sections: 'Layout' and 'Size'. The 'Layout' section contains five layout options, each featuring a 'LOGO' placeholder and dashed lines indicating where other elements might be placed. The 'Size' section contains dropdown menus for 'Default' size and 'Position'. Each section has a question mark icon in the top right corner.

4.1.2.2. Toolbar

Go to Dashboard / Appearance / Customize / Header / Toolbar

- Enable Toolbar
- Font size
- Background Color
- Text Color
- Link Color
- Link Hover Color

4.2. Page Settings

Eduma theme allows to customize a single Post or Page.

When using Eduma, you will see extra settings ‘Display settings’ on your ‘Screen Options’

- By enabling ‘Display settings’, you will see new settings **Featured Title Area** and **Layout** in your Posts and Pages.

The screenshot shows the WPBakery page builder settings for a 'Featured Title Area'. The 'Layout' tab is selected. Under 'Custom Title and Subtitle', the 'Custom Title' checkbox is checked (indicated by a red box). Other options like 'Hide Title and Subtitle' and 'Color Title' are available but not selected. Below 'Custom Title' is a note: 'Leave empty to use post title'. The 'Subtitles' section includes a 'Color Subtitle' option with a color swatch and 'Select Color' button. There are also 'Hide Breadcrumbs' and 'Background Image' settings, both with checkboxes. The 'Background color' section has a color swatch and 'Select Color' button. The overall interface is clean with a light gray background and white input fields.

4.3. Megamenu

This example above using WPBakery (formerly Visual Composer) page builder. We can do exactly the same with SiteOrigin page builder plugin ?

The screenshot shows the WordPress Admin Menus page. On the left sidebar, under the 'Appearance' section, the 'Menus' option is selected and highlighted with a red box. In the main content area, a menu item named 'Courses' is selected and highlighted with a red box. The 'Navigation Label' field contains 'Courses'. Below it, there's a 'Custom Icon' button and a 'Custom Item Align' button. A dropdown menu labeled 'Custom Layout' is open, showing 'Page Builder' as the selected option, which is also highlighted with a red box. A blue 'Open' button is next to it. A note below says 'Content in layout builder will override sub-items'. At the bottom, there are navigation buttons: 'Move Up one', 'Down one', 'Under Group 3', and 'To the top'.

The screenshot shows the 'Menu Layout Builder' dialog. The title bar says 'Menu Layout Builder' and has a close button. The toolbar at the top includes 'Update', 'Add Widget', 'Add Row', 'Layouts', 'History', 'Live Editor', 'Addons', 'Learn', and 'Revert to Editor'. The main area displays three menu items in a horizontal row: 'Custom Menu' (containing 'About Courses'), 'Thim: Courses' (containing 'New Course'), and 'Thim: Single Image' (containing 'full'). Each item has a red arrow pointing to it from the previous screenshot. There are also edit icons at the end of each row.

Menu Layout Builder

remember to click **Update**

Custom Menu

- Title: About Courses
- Select Menu: About Courses ▾
- Extra Class:

Thim: Courses

- Heading Text: New Course
- Order By: Latest ▾
- Widget Layout: Mega Menu ▾
- Limit number course: 1
- Featured
- Only display featured courses
- Text View All Courses
- Tabs Options
- Limit Items Per Tab: 4
- Select Category Tabs:
 - Backend
 - CSS
 - Frontend
 - General

Thim: Single Image

- Image: Choose Media
- Select image from media library.
- Image size: full
- Enter image size. Example: "thumbnail", "medium", "large", (Width x Height). Leave empty to use "thumbnail" size.
- Image Link: #
- Enter URL if you want this image to have a link.
- Link Target: Same window ▾
- Image alignment: Align Left ▾
- Select image alignment.
- CSS Animation: No

5. Recommended image size

To decrease your data storage, you should use the minimum size for your image. You can use the below size:

Header images: 1841 x 514 px.

Course, blog featured images: 870x580 px.

Slider Revolution on the homepage: 1920 x 1280 px.

Category icon images: 64 x 64 px.

Background image heading for category: 150 x 100 px.

6. Update Theme

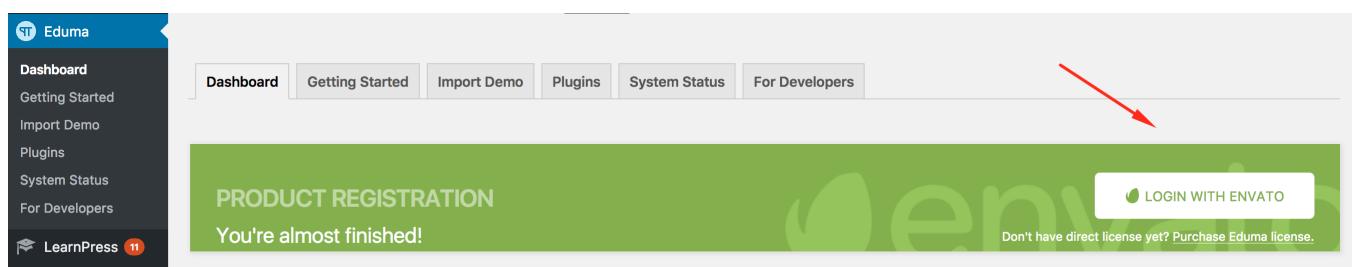

You can update Eduma theme via 2 ways: **via Thim Core** and **via FTP**.

6.1. Via Thim Core

Thim Core plugin allows to update theme without resetting your previous settings. However, you should always backup(https://codex.wordpress.org/WordPress_Backups) your files and databases before updating.

Follow these steps below to update Eduma theme via Thim Core:

Step 1 – Visit Eduma > Dashboard and login with your Envato account.

Step 2 – Click **Update now**.

The screenshot shows the Eduma Theme Dashboard. On the left sidebar, there's a 'LearnPress' section with options like Posts, TP Events, Media, Pages, Comments, and Our Team. The main content area has tabs for Dashboard, Getting Started, Import Demo, Plugins, and System Status. A prominent 'Updates' section displays a yellow badge with a graduation cap icon and the text 'EDUMA 3.0'. It shows 'Eduma Version: 3.0.6' with a 5-star rating, described as a 'Premium WordPress LMS theme.' by ThimPress. A button at the bottom of this section says 'View version 3.0.7 details. Update now.'

6.2. Via FTP

Follow these steps below to update theme via FTP:

Step 1. Login your Envato account. In **Download** tab, find Eduma and choose the **Installable WordPress Theme** (the WordPress file).

Step 2. Login your server and go to `wp-content/themes` folder to backup your **eduma** theme folder if needed. The contents on your site will not be lost but if you have modified the code then the changes will be lost. You have to reapply them again after updating.

Step 3. Extract **eduma.zip** that you downloaded from themeforest.net

Step 4. Upload new theme folder **eduma** to `wp-content/theme` to override the existing files.

7. Knowledge Base FAQs

Before submitting a ticket on our support forum, please do all the following requirements:

- Refer documentation.
- Read changelog and make sure that your site is running the latest version of Eduma theme.
- Clear caches after changing any setting on your site.

Check our Knowledge Base and FAQs below to find out the answer for some common questions:

- Translation with Loco Translate plugin(<https://thimpress.com/knowledge-base/loco-translate-guide/>)

- Missing style sheet error(<https://thimpress.com/knowledge-base/missing-style-sheet-error-installing-theme/>)
- Create an account on Support forum(<https://thimpress.com/knowledge-base/how-to-create-an-account-on-thimpress/>)
- Get Envato Purchase code(<https://thimpress.com/knowledge-base/how-to-get-my-envato-purchase-code/>)
- More...(<https://thimpress.com/knowledge-base-category/general/>)

There are also sticky tickets we post on our support forum. If you cannot find the answer for your problem, don't hesitate to contact us by submitting a new ticket.

8. Support Service

When purchasing our themes, you will receive **free 6-month support service** for problems regarding the theme. Once your free support service is expired, you can extend your support service to 12 months. But no matter whether your support service is expired or not, you always receive **free life-time updates** for the theme.

We really care about our customers and guarantee to response to all support questions within **48 hours** since your support ticket is created.

Regarding the requests about Customization and 3rd-party plugins, we provide you a Customization Service(<https://thimpress.com/wordpress-theme-customization-services/>) at a fee.

8.1. Support forum

ThimPress forum is our main resource for supporting customers. To reach us:

Step 1. Click here(<https://thimpress.com/wp-login.php?action=register>) to create your account. We will ask for your Themeforest purchase code(<https://thimpress.com/knowledge-base/how-to-get-my-envato-purchase-code/>)

Step 2. Go to Eduma support forum(<https://thimpress.com/forums/forum/eduma>) and create your topic

9. Edit With Page Builder

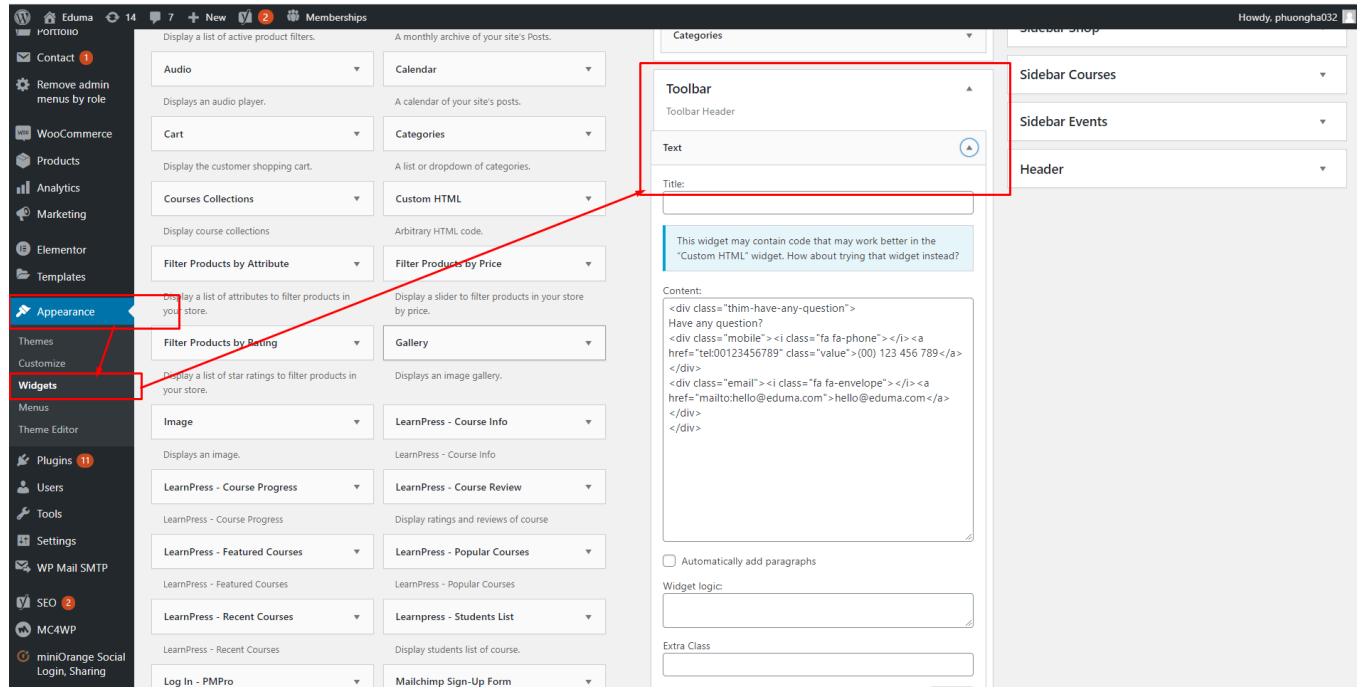

9.1. Elementor

9.1.1. Header

9.1.1.1. Toolbar

To edit it, please go to Dashboard => Appearance => Widgets => Toolbar.

9.1.1.2. Logo

Please go to Dashboard => Appearance => Customize => General => Logo.

9.1.1.3. Menu

9.1.1.3.1. Main menu

To edit it, please go to Dashboard => Appearance => Menus => Select the "Main menu"

9.1.1.3.2. Mega Menu

- Please go to Dashboard => AE Template => Mega Menu => Edit with Elementor.
- When importing the demo, to make the import process faster, we have hidden the About Course menu in the Megamenu, to select it you need to edit the Megamenu with Elementor, click on the missing menu block, and choose the menu "About Course " on the Elementor editing panel.

The screenshot shows the 'Edit Them: Navigation Menu' page. On the left, there's a sidebar with 'Content' and 'Advanced' buttons. Below it, a 'Navigation Menu' section has a 'Title' field set to 'About Courses'. A 'Select Menu' dropdown is open, showing 'About Courses' as the selected item. A red box highlights this selection. To the right, there's a preview area with a dark slide containing the 'EDUMA' logo and a green slide for 'FUTURE ENTREPRENEURS'. A red box highlights the 'READ MORE' button on the green slide. At the bottom, there's a dashed box labeled 'Drag widget here' with a '+' icon.

9.1.1.3.3. Menu right

Please go to Dashboard => Appearance => Widgets => Menu right.

The screenshot shows the 'Widgets' page. On the left, a sidebar lists various sections like 'Comments', 'Our Team', 'Testimonials', 'AE Templates', 'Memberships', 'Portfolio', 'Contact', 'Remove admin menus by role', 'WooCommerce', 'Products', 'Analytics', 'Marketing', 'Elementor', 'Templates', 'Appearance', 'Themes', 'Customize', 'Widgets' (which is selected), 'Menus', 'Theme Editor', and 'Plugins'. The main area shows 'Available Widgets' and 'Sidebar' and 'Footer Bottom' sections. A red box highlights the 'Menu Right' section, which contains three widgets: 'Thim: Login Popup', 'Thim: Courses Searching: Search Courses', and 'Cart: Cart'. Other sections like 'Toolbar', 'Menu Top', 'Footer Top', and 'Footer' are also visible.

9.1.2. Slider Revolution

- Please go to Dashboard => Slider Revolution => Select edit at slider Home Page to edit the default demo slider.

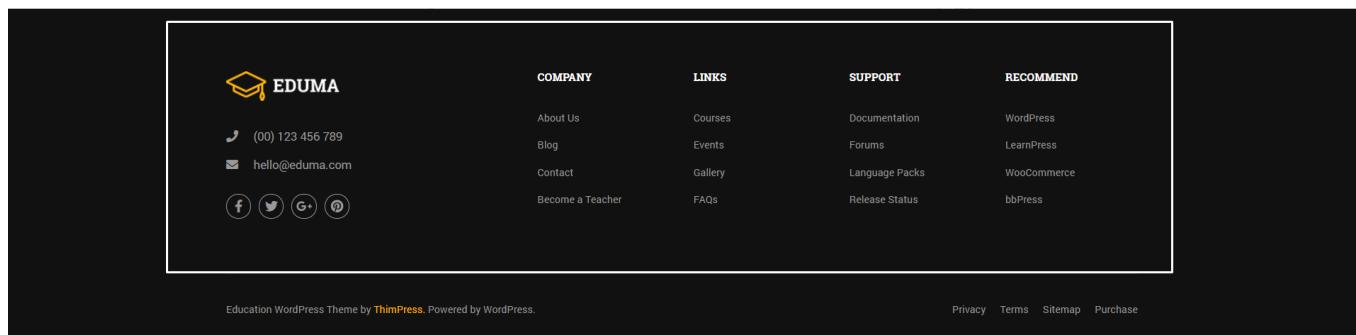

9.1.3. Homepage

- To edit blocks on the homepage, please go to Homepage => Edit With Elementor, click the block you want to edit, and edit it on the Elementor editing panel.

9.1.4. Footer

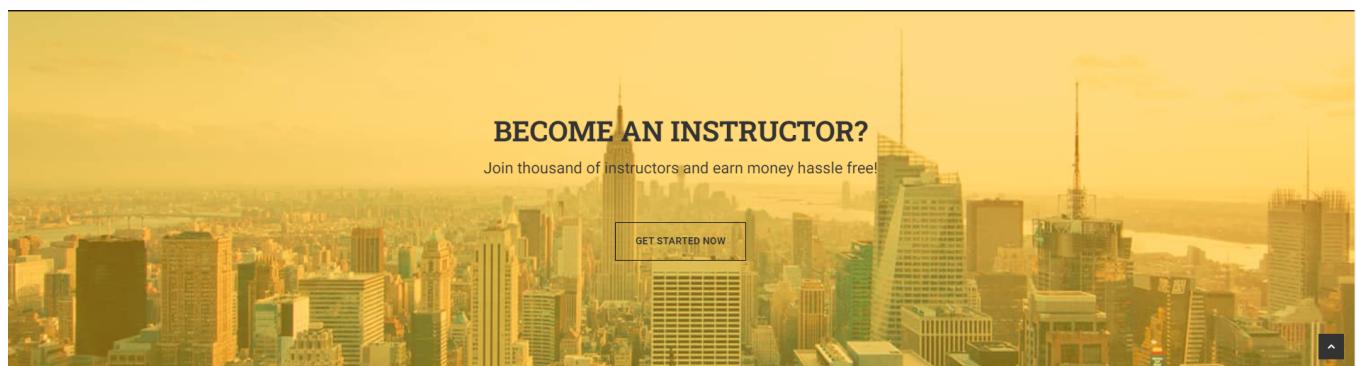

9.1.4.1. Footer

- Please go to Dashboard => AE Template => Footer => Edit with Elementor.
- When importing the demo, to make the import process faster, we have hidden the menus in the Footer. To select the menu in the footer, edit the footer with Elementor, click on the empty menu blocks, and select the menu corresponding to its title => Update.

- You can do the same to edit other footer elements

9.1.4.2. Footer Bottom

- Edit: Please go to Dashboard => AE Template => Footer Bottom => Edit with Elementor .
- Hide on all pages: Please go to Dashboard => Customize => Widgets => Footer Bottom => Remove content in this widget => Save.

- Only show the bottom footer on the home page: Please go to Dashboard => Appearance => Widgets => Footer Bottom => Add the code

```
is_page_template( 'page-templates/homepage.php' )
```

in Widget logic => Save.

9.1.4.3. Copyright

- Copyright text: Please go to Dashboard => Appearance => Customize => Footer => Copyright => Copyright text.
- Menu Privacy: Please go to Dashboard => Appearance => Widgets => Copyright.

9.1.5. Courses

- To edit the course elements such as Course overview, lessons, quizzes, ... with Elementor, you need to enable Elementor's editing permission.
- Please go to Dashboard => Elementor => Settings => General => Enable in post types you want => Save changes.

9.2.1.3. menu right

Please go to Dashboard => Appearance => Widgets => Menu right

The screenshot shows the WordPress dashboard with the 'Appearance' menu selected. Under 'Widgets', the 'Widgets' menu item is highlighted with a red box. In the main content area, there is a sidebar labeled 'Sidebar' containing several widgets. One of these widgets, 'Menu Right', is highlighted with a red box. The 'Menu Right' widget displays two items: 'Thim: Courses Searching' and 'Cart: Cart'.

9.2.2. Home page

In WP Bakery there are two sections that can create/edit a page: Backend / Frontend

To edit the blocks on the homepage, please go to Dashboard -> Page -> Home => Edit

- You will then edit the desired blocks in the Backend:

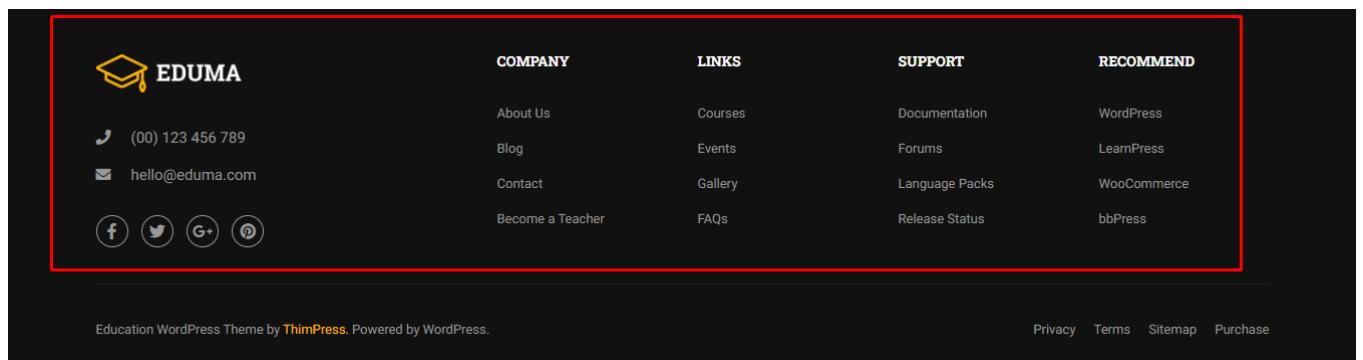

The screenshot shows the WordPress Backend Editor for the 'Home' page. On the left, there's a sidebar with various menu items. The main area displays a hierarchical structure of blocks: a top-level 'Revolution Slider' containing three 'Thim: Icon Box' blocks, which in turn contain 'Thim Heading' blocks. The right side has a sidebar with 'Page Attributes' including 'Status: Published', 'Visibility: Public', and 'Template: Home Page'. A note at the bottom right says 'Activate Windows'.

- You can also edit the desired blocks in Frontend:

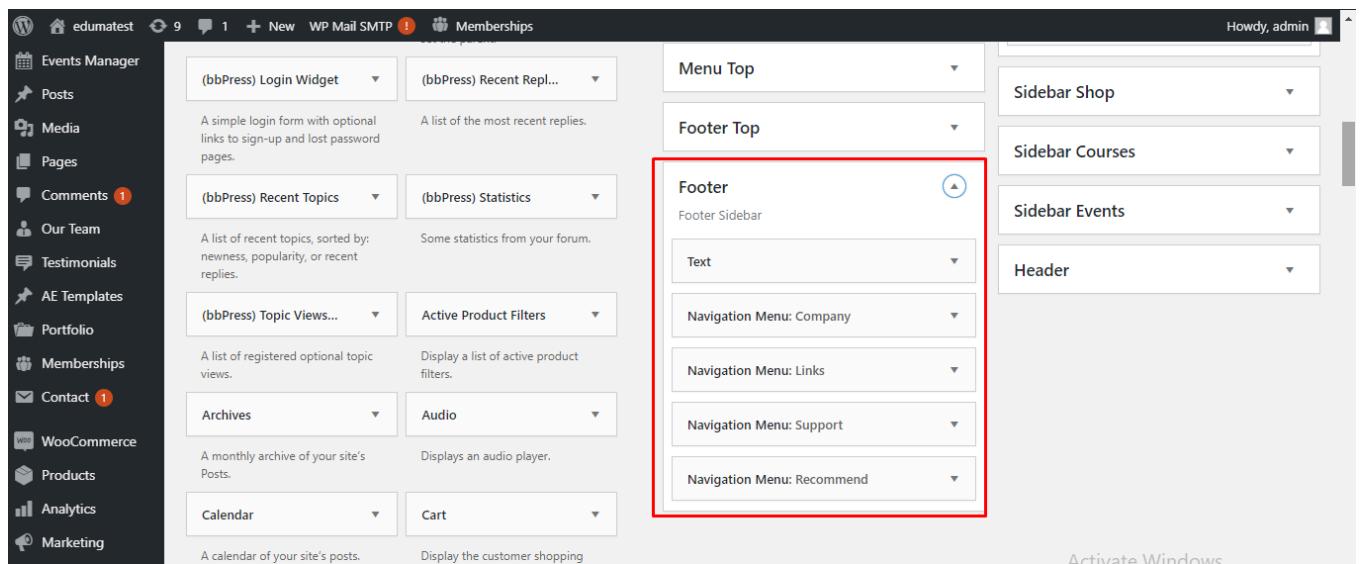

The screenshot shows the Frontend Editor of the 'EDUMA' theme. The page features a large banner with the text 'THE BEST THEME FOR EDUCATION'. Below the banner are three main sections: 'BEST INDUSTRY LEADERS' (with a star icon), 'LEARN COURSE ONLINE' (with a book icon), and 'BOOK LIBRARY & STORE' (with a stack of books icon). The 'LEARN COURSE ONLINE' section is highlighted with a green border, indicating it is currently being edited. The top navigation bar includes links for 'HOME', 'COURSES', 'FEATURES', 'EVENTS', 'PORTFOLIO', 'BLOG', 'CONTACT', 'SHOP', and 'Logout'.

9.2.3. Footer

9.2.3.1. footer

Please, you can go to Appearance/ Widget/ Footer/ Edit

- Text: You can go to Appearance/ Widget/ Footer/ Text: edit/ Done

Text

Title:

This widget may contain code that may work better in the "Custom HTML" widget. How about trying that widget instead?

Content:

```
<div class="thim-footer-location">

<p class="info"><i class="fa fa-phone"></i><a
href="tel:00123456789">(00) 123 456 789</a></p>
<p class="info"><i class="fa fa-envelope"></i><a
href="mailto:hello@eduma.com">hello@eduma.com</a>
</p>

</div>
<div class="thim-social">
<ul class="social_link">
<li><a class="facebook hasTooltip" href="#">
```

Automatically add paragraphs

Or go to Appearance/ Customizes/ Widget/ Footer/ Text: edit/ Published

The screenshot shows the WordPress footer sidebar editor. At the top right are 'Publish' and settings buttons. Below is a title 'Footer Sidebar'. A red box highlights the 'Text' tab. Under 'Content', there is a code editor containing the following HTML:

```
<div class="thim-footer-location">

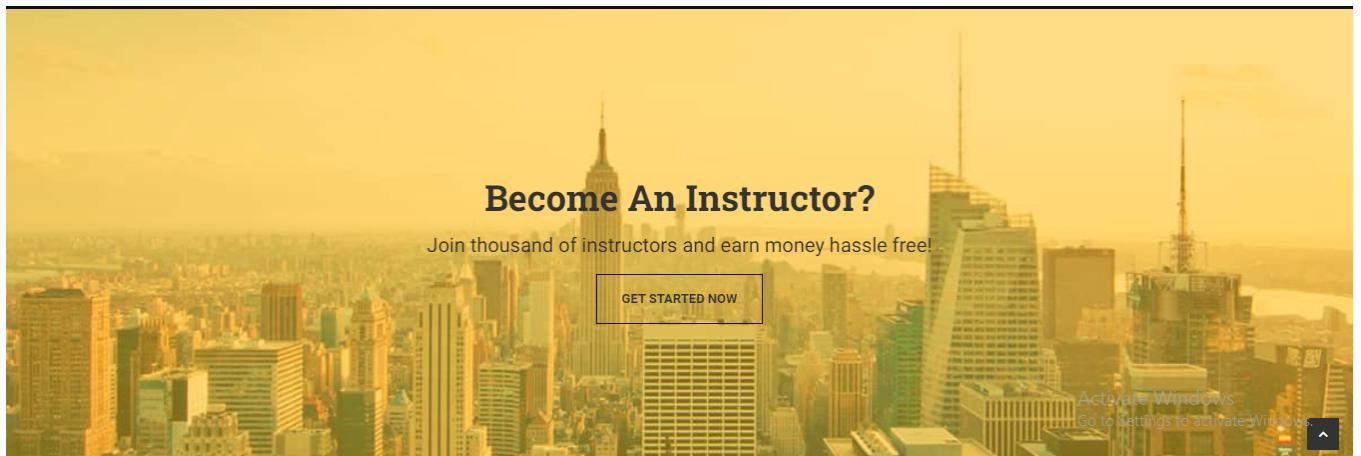

<p class="info"><i class="fa fa-"
```

Below the code editor are 'Hide Controls' and preview icons.

- Menu footer: You can go to Appearance/ Menu/ Select:

The screenshot shows the 'Appearance > Menus' page in the WordPress admin. The left sidebar has 'Menus' selected. The main area shows the 'Edit Menus' tab selected. A dropdown menu is open under 'Select a menu to edit', with 'Company' highlighted. Red arrows point from the 'About Courses' and 'Links' menu items to a red box labeled 'edit menu footer'. The 'Save Menu' button is at the bottom right.

9.2.3.2. Footer Bottom

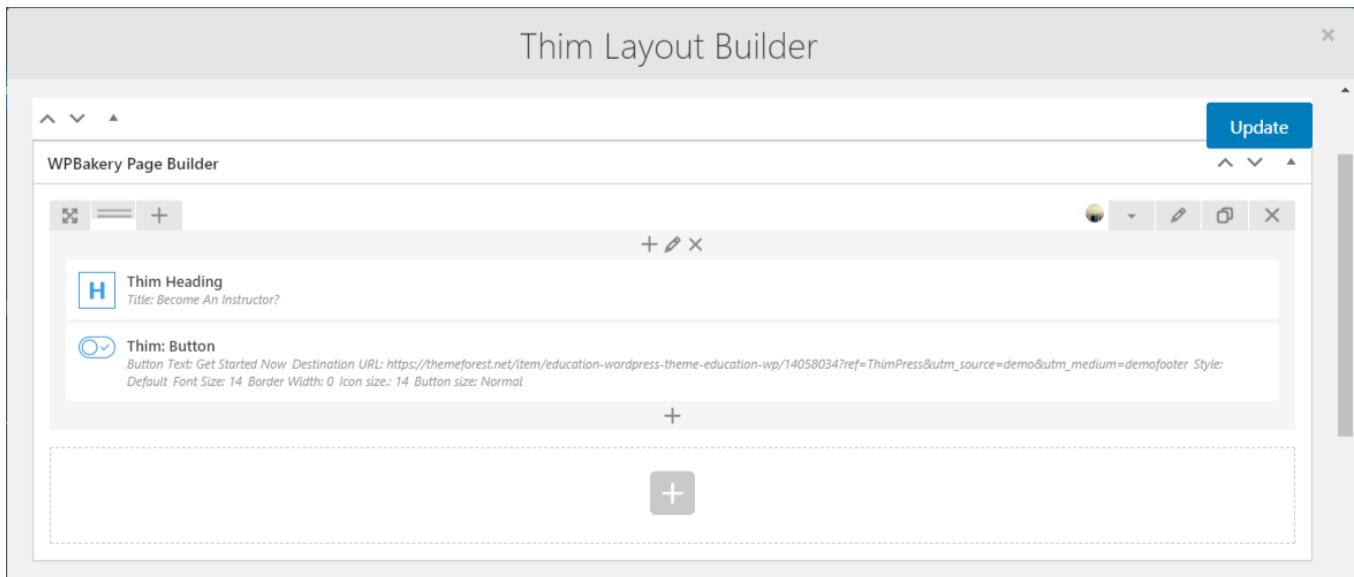

Edit: Please go to Dashboard => Appearance => Widget => Footer Bottom

(Or go to Appearance/ Customize/ Widget/ Footer bottom/ edit)

The screenshot shows the WordPress admin interface. The left sidebar has a red box around the 'Appearance' menu item. The main content area shows the 'Widgets' section. A red box highlights the 'Footer Bottom' section, which contains a dropdown menu for 'Footer Bottom Sidebar' with the option 'Thim Layout Builder' selected.

Thim: Layout Builder => Open Layout Builder=> Edit=> Update.

Education WordPress Theme by **ThimPress**. Powered by WordPress.

- Copyright text: Please go to Dashboard => Appearance => Customize => Footer => Copyright => Copyright text.

The screenshot shows the WordPress Customizer interface for the footer. At the top right are 'Publish' and 'Settings' buttons. Below them, the path 'Customizing > Footer' and 'Copyright' are displayed. The 'Background Color' section has a black color swatch and a 'Select Color' button. The 'Color' section has a grey color swatch and a 'Select Color' button. The 'Border Color' section has a black color swatch and a 'Select Color' button. The 'Copyright Text' section contains the following code:

```
<a href="https://themeforest.net/item/education-wordpress-theme-education-wp/14058034?ref=ThimPress&utm_source=demo&utm
```

- **Menu Privacy:** Please go to Dashboard => Appearance => Menu => Privacy.

The screenshot shows the WordPress dashboard under the 'Appearance' menu, specifically the 'Menus' section. A red box highlights the 'Privacy' dropdown in the 'Select a menu to edit' field. A red arrow labeled '1' points to this field. A second red box highlights the 'Select' button next to the dropdown. A red arrow labeled '2' points to this button. A third red arrow labeled '3' points to the 'Save Menu' button at the bottom right of the menu structure panel.

9.3. Site Origin

9.3.1. Home Page

9.3.1.1. Tool Bar

[vc_row][vc_column][vc_column_text]There are two sections on the toolbar: a text widget and Thim: Login Popup [/vc_column_text][/vc_column][/vc_row][vc_row][vc_column][/vc_column][/vc_row][vc_row][vc_column][vc_single_image image="4414? img_size="full" onclick="link_image"][/vc_column][/vc_row][vc_row][vc_column][vc_column_text]To edit those widgets, you can go to your Dashboard => Appearance => Widget => Toolbar, then edit those widgets.[/vc_column_text][/vc_column][/vc_row][vc_row][vc_column][vc_gallery type="image_grid" images="4415,4416? img_size="medium"][/vc_column][/vc_row][vc_row][vc_column][vc_column_text]This is our default Text widget on the toolbar:

```
<div class="thim-have-any-question">
Have any question?
<div class="mobile"><i class="fa fa-phone"></i><a href="tel:00123456789" class="value">(00) 123 456 789</a>
</div>
<div class="email"><i class="fa fa-envelope"></i><a href="mailto:hello@eduma.com">hello@eduma.com</a>
</div>
</div>
```

[/vc_column_text][vc_column_text]To change the background of the toolbar, you need to go to your Dashboard => Appearance => Customize => Header => Toolbar, then change the background color.

To change the font and size of the texts on the toolbar, you need to go to your Dashboard => Appearance => Customize => General => Typography, then change the font and font size of the whole website.[/vc_column_text][vc_gallery type="image_grid" images="4480,4481? img_size="medium"][/vc_column_text]If you don't see the Register option on your Login Popup. The reason is you didn't enable the register option on your website.

To enable it, you need to go to your Dashboard => Settings => General => General Settings => Membership => enable it[/vc_column_text][/vc_column][/vc_row][vc_row][vc_column][vc_single_image image="4417? img_size="full" onclick="img_link_large" img_link_target="_blank"][/vc_column][/vc_row][vc_row][vc_column][vc_column_text]

9.3.1.2. Logo & Main Menu

[vc_row][vc_column][vc_column_text]To change the logo, you can go to your Dashboard => Appearance => Customize => General => Logo, then select your logo.[/vc_column_text][/vc_column][/vc_row][vc_row][vc_column][vc_single_image image="4418? img_size="full" onclick="link_image"][/vc_column][/vc_row][vc_row][vc_column][vc_column_text]To change the main menu, please go to your Dashboard => Appearance => Menus, select the Main Menu, then edit it.[/vc_column_text][/vc_column][/vc_row][vc_row][vc_column][vc_single_image image="4419? img_size="full" alignment="center" onclick="link_image"][/vc_column][/vc_row][vc_column][vc_column_text]To edit or create a menu item like our Course item, you can edit the menu item with your page

builder.[/vc_column_text][/vc_column][/vc_row][vc_row][vc_column][vc_gallery type="image_grid" images="4420, 4421, 4422, 4423, 4424, 4425, 4426, 4427?"][/vc_column][/vc_row][vc_column][vc_column_text]To change the background color, you need to edit it in Dashboard => Appearance => Customize => Header => Main Menu => Background Color.[/vc_column_text][/vc_column][/vc_row][vc_row][vc_column][vc_single_image image="4482? img_size="full" alignment="center" onclick="link_image"][/vc_column][/vc_row]

9.3.1.3. Slider Revolution

[vc_row][vc_column][vc_column_text]To edit the texts, animations, layout of the slide on the homepage, access your Dashboard => Slider Revolution, choose your slide then edit it.[/vc_column_text][/vc_column][/vc_row][vc_column][vc_gallery type="image_grid" images="4428, 4429, 4430?"][/vc_column][/vc_row][vc_column][vc_column_text]To know more, you can watch tutorials on the Slider Revolution's website. (<https://www.sliderrevolution.com/video-tutorials/>)[/vc_column_text][/vc_column][/vc_row]

9.3.1.4. Icon Boxes

[vc_row][vc_column][vc_single_image image="4431? img_size="full" onclick="link_image"][/vc_column_text]To edit the icon boxes below the slide, you need to edit your homepage with the page builder.[/vc_column_text][/vc_column][/vc_row][vc_column][vc_gallery type="image_grid" images="4432, 4433? img_size="medium"][/vc_column][/vc_row][vc_column][vc_column_text]You can change text, icon, and the link when users click on that icon.[/vc_column_text][/vc_column][/vc_row][vc_column][vc_gallery type="image_grid" images="4434, 4435? img_size="medium"][/vc_column][/vc_row]

9.3.1.5. Popular Courses

[vc_row][vc_column][vc_single_image image="4436? img_size="full" onclick="link_image"][/vc_column][vc_row][vc_column][vc_column_text]To edit the Popular Courses section, you can edit the homepage then edit the widget Them: Courses.[/vc_column_text][/vc_column][/vc_row][vc_column][vc_gallery type="image_grid" images="4437, 4438? img_size="medium"][/vc_column][/vc_row][vc_column][vc_column_text]To remove the instructor name from this section, you need to add CSS in Dashboard => Appearance => Customize => General => Custom CSS & JS => Custom CSS[/vc_column_text][/vc_column][/vc_row][vc_column][vc_single_image image="4439? img_size="full" alignment="center" onclick="link_image"][/vc_column][vc_row][vc_column][vc_column_text]CSS to remove instructor name:

```
.course-item .course-author{
    display: none !important;
}
```

CSS to remove the number of enrolled students and comments:

```
.course-meta .course-students, .course-meta .course-comments-count{
    display: none !important;
}
```

CSS to remove the price of the courses:

```
.course-meta .course-price{
    display: none !important;
}
```

CSS to remove the “Read more” button when hovering:

```
.course-thumbnail .course-readmore{
    display: none !important;
}
```

[/vc_column_text][/vc_column][/vc_row]

9.3.1.6. Register Now

[vc_row][vc_column][vc_single_image image="4440? img_size="full" alignment="center" onclick="link_image"][/vc_column][vc_row][vc_column][vc_column_text]To edit the background of this section, you need to edit your homepage and the row contains this section.[/vc_column_text][vc_column][vc_row][vc_column][vc_gallery type="image_grid" images="4441,4442? img_size="medium"][/vc_column][vc_row][vc_column][vc_column_text]To edit the texts in this section, just need to edit the text widget.[/vc_column_text][vc_column][vc_row][vc_column][vc_single_image image="4443? img_size="full" onclick="link_image"][/vc_column][vc_row][vc_column][vc_column_text]To edit the “GET IT NOW” form, you need to edit the Text widget on the right and edit the contact form.

You need to find the ID of the form, and you must configure the email of the form to get the email.

If you have any issues about receiving emails with this form, please contact plugin Contact Form

7.(<https://wordpress.org/support/plugin/contact-form-7/>)

[/vc_column_text][vc_column][vc_row][vc_row][vc_column][vc_gallery type="image_grid" images="4444,4445,4446,4447?"][/vc_column][vc_row][vc_column][vc_column_text]This is our default form:

```
<p>[text* your-name placeholder "Your Name *"] </p>
<p>[email* your-email placeholder "Email *"] </p>
<p>[tel* phone placeholder "Phone *"]</p>
<p>[submit "Get It Now"]</p>
```

With the countdown clock, you can edit the texts, end time, and

style.[/vc_column_text][vc_column][vc_row][vc_row][vc_column][vc_single_image image="4448? img_size="full" onclick="link_image"][/vc_column][vc_row]

9.3.1.7. Events

[vc_row][vc_column][vc_single_image image="4451? img_size="full" onclick="link_image"]With the Events section, you can change the texts, the categories, status, and the number of events you want to display on your homepage.[/vc_column_text][/vc_column][/vc_row][vc_row][vc_column][vc_gallery type="image_grid" images="4449,4450? img_size="medium"]To select more than one status, please hold your "Ctrl" button then choose the status.[/vc_column_text][/vc_column][/vc_row]

9.3.1.8. Latest News

[vc_row][vc_column][vc_single_image image="4452? img_size="full" onclick="link_image" css_animation="bounceInLeft"]With the latest news section, you can change the texts, categories, the number of posts, play speed, and the order of the posts.

The ASC sorts the result from the lowest value to the highest value while the DESC sorts the result set from the highest value to the lowest one.[/vc_column_text][/vc_column][/vc_row][vc_row][vc_column][vc_gallery type="image_grid" images="4453,4454? img_size="medium" css_animation="bounceInLeft"][/vc_column][/vc_row]

9.3.1.9. What people say

[vc_row][vc_column][vc_single_image image="4455? img_size="full" onclick="link_image" css_animation="bounceInLeft"]This section will display the testimonials item on your Dashboard => Testimonials, you can create and edit text, image of the items.[/vc_column_text][/vc_column][/vc_row][vc_row][vc_column][vc_gallery type="image_grid" images="4456,4457? img_size="medium" css_animation="bounceInLeft"]With the testimonials widget, you can change the layout, the number of items, and play speed.[/vc_column_text][/vc_column][/vc_row][vc_row][vc_column][vc_gallery type="image_grid" images="4458,4459? img_size="medium" css_animation="bounceInLeft"][/vc_column][/vc_row]
